

Dear Colleagues and Friends,

we are very pleased to inform you that after Avignon 2008, Capbreton 2011 and Toulouse 2014, the fourth edition of the International Workshop on SPS will be held from 23 to 25 May 2018 in Cagliari (Italy).

The workshop and, hopefully, a book of selected chapters will be dedicated to our SPS mentor Professor Zuhair A. Munir.

You can already make a note in your agenda and inform your collaborators and students who may be interested.

A website will be set up in the coming weeks for information, registration and more.

*4th International Workshop on
Spark Plasma Sintering
23 – 25 May 2018,
Cagliari, Italy*

Very best regards.

The Organizing Committee

Giacomo Cao
